

Technical Specifications

- **Twisted Wire**

- o Diameters from $\varnothing 3.90$ till 7.90 mm

- o Presentation:

- Coils from 1000 to 2500 Kg

- Øin 540 mm – height 630 mm – Øout (depends on weight of coil)

- o Unwinding: counter clockwise / clockwise

- o Tolerance \varnothing : According to customer's requirement

- o Tensile Strength: According to customer's requirement

- o Elongation (A5): According to customer's requirement, depends on TS

- o Oil (option)

- o Plastic Film (option)

- o Pallet (option)

- o Steel Quality and Standard: *EN ISO 16120-2* C4D, C9D
